## EasyLogic PM2110, Power & Energy meter, Total Harmonic, LED display, Pulse, class 1

METSEPM2110

### Main

| Range                     | EasyLogic        |  |
|---------------------------|------------------|--|
| Product Name              | EasyLogic PM2100 |  |
| Device Short Name         | PM2110           |  |
| Product Or Component Type | Power meter      |  |

#### **Complementary**

| Device Application          | Power monitoring  |

|                             | Sub billing   |
| Power Quality Analysis      | total harmonic distortion                                 |
| Type Of Measurement         | Total current harmonic distortion THD (I) per phase       |
|                             | Total voltage harmonic distortion THD (U) per phase       |
|                             | Apparent energy total                                     |
|                             | Active and reactive energy total                          |
|                             | Apparent power total                                      |
|                             | Active and reactive power total                           |
|                             | Current average   |
|                             | Voltage average   |
|                             | Frequency average   |
|                             | Power factor average                                      |
| Metering Type               | Peak demand power PM, QM, SM                              |
|                             | Apparent power S, S1, S2, S3                              |
|                             | Current I, I1, I2, I3                                     |
|                             | Reactive power Q, Q1, Q2, Q3                              |
|                             | Calculated neutral current                                |
|                             | Voltage U, U21, U32, U13, V, V1, V2, V3                   |
|                             | Peak demand currents                                      |
|                             | Unbalance current   |
|                             | Demand power P, Q, S                                      |
|                             | Active power P, P1, P2, P3                                |
|                             | Active, reactive, apparent energy (signed, four quadrant) |

| Package 1 Length             | 9.14 cm  |
| Package 1 Weight             | 0.41 kg  |

## Sustainability Green Premium™

**Green Premium**<sup>TM</sup> **label** is Schneider Electric's commitment to delivering products with best-inclass environmental performance. Green Premium promises compliance with the latest regulations, transparency on environmental impacts, as well as circular and low-CO<sub>2</sub> products.

**Guide to assessing product sustainability** is a white paper that clarifies global eco-label standards and how to interpret environmental declarations.
